Dear Sir:

Your letter of September 27th addressed to our
President has been referred to me for reply.

There is a very good collection at the Mint in
Philadelphia, and several of our Art Museums have sections
devoted to ancient numismatics - the Metropolitan, the
Boston Museum of Fine Arts and a few others. Doubtless
you are interested in some particular branch of the subject
and I could better advise you if you would let me know the
direction your interest takes.

Awaiting your reply,

Very truly yours,

Secretary
